MODEL RANGE & DIMENSIONS (mm)

WITHOUT CONNECTORS

CAT. NO.	ENCLOSURE SIZE
JJB-9020	88 x 88 x 53
JJB-9040	98 x 98 x 61
JJB-9060	139 x 119 x 70
JJB-9100	167 x 125 x 82

WITH CONNECTORS (J SERIES)

CAT. NO.	ENCLOSURE SIZE
JJB-9020J	88 x 88 x 53
JJB-9040J	98 x 98 x 61
JJB-9060J	139 x 119 x 70
JJB-9100J	167 x 125 x 82

KEY FEATURES

- Waterproof junction-box family
- Available with or without connectors
- Four enclosure sizes for installation flexibility
- Cable-entry provisions for field wiring
- J-series variants supplied in connector configuration

TYPICAL APPLICATIONS

- Industrial control and automation wiring
- Field junctions for sensors and actuators
- Machine and equipment wiring
- Electrical distribution and termination points
- Indoor / protected industrial installation areas

MODEL IDENTIFICATION

Base models JJB-9020 / 9040 / 9060 / 9100: junction box without connectors. J-suffix models: connector-equipped version.

Dimensions and model codes are based on the supplied Jainson reference. Prices and standard pack quantities are intentionally omitted.
