

JAINSON MASTER-85KF

Hydraulic Cable Cutter - With Hand Pump

Professional Product Datasheet

KEY SPECIFICATIONS

CUTTING CAPACITY

Ø 85 mm

OUTPUT FORCE

8.5 tons

RATED PRESSURE

700 bar

TOTAL WEIGHT

15.650 kg

OPERATION

Hand Pump

PRODUCT OVERVIEW

The Jainson MASTER-85KF is a heavy-duty hydraulic cable cutting tool supplied with a hand pump. It is designed for cutting copper/aluminium cables and armoured copper/aluminium cables up to Ø85 mm, with quick-opening jaws for faster handling between cuts.

TECHNICAL SPECIFICATIONS

Brand	Jainson
Model	MASTER-85KF
Tool Type	Hydraulic Cable Cutter
Pump Configuration	With Hand Pump
Cutting Range	Ø85 mm Cu/Al & Armoured Cu/Al
Output Force	8.5 tons
Rated Hydraulic Pressure	700 bar
Total Weight	15.650 kg

KEY FEATURES

- Cuts Cu/Al cable and armoured Cu/Al cable.
- Quick-opening jaws help reduce time between cuts.
- Jaws are made from special steel, hardened and tempered for durability.
- Lightweight design supports easier handling and operation.
- Operated by hydraulic hand pump with rated pressure of 700 bar.
- High output force of 8.5 tons for demanding cable cutting work.

SUITABLE APPLICATIONS

Cable installation & maintenance • Electrical contracting • Industrial plant maintenance • Utility and infrastructure work • Heavy-duty power cable cutting
